

Notice of Cumberland County Election Day Polling Places and Buffer Zones

The following is a list of Cumberland County polling places and buffer zones concerning the 2024 electioneering. Buffer zones are set as designated by G.S. 163-166.4 (b). Election officials will mark buffer zones on Election Day with marking tape and “No Campaigning Beyond This Point” signs. Each Polling Place has a 50-foot buffer zone marked from the voting entrance of each polling place, with the exception of Cross Creek 07 which is a private entity that has requested that no signs be placed on the entire property.

Campaigners should never block traffic, parking, or entrances.

Campaigners are not to enter the buffer zone except for use of restroom facilities, business with another entity in a building jointly occupied, or for voting purposes. Please note public restroom facilities may not be available at all polling places.

While inside the buffer zone for one of the aforementioned reasons, campaigners should refrain from engaging in activities that violate or appear to violate campaigning guidelines. Campaigning issues or suspected violations are to be brought to the attention of the Chief Judge and the Board of Elections office.
